

Vets Adopt Pets.org Companion Animal Adoption Program (1/22/16)

How Vets Adopt Pets works.

- ★ To thank you, Veterans, Active Duty & your families for your service to us all we want to pay the adoption fee at your local county animal shelter when you adopt a new pet. It is an honor to thank you in this manner and do so because we believe the pet will bring much love, fun and companionship into your life for years to come. So if you can allow yourself to be thanked in this manner, please 'take' it.... it is given with sincerity. Vets Adopt Pets is funded by everyday Americans across the country that thank you for your service with their donations.
- ★ Once you are signed up with VetsAdopt Pets, we will attempt to work with your local county shelter to handle the financials of the adoption fee and to see if they will let you take the pet home while we take care of their fee. In some cases, you will need to pay the adoption fee then send us the paid receipt and we will reimburse you. Please note in certain parts of the country there are no county pet shelters and the subcontracting rescue fees are too high for us to cover. We can cover fees up to \$150.
- ★ You must be signed up with Vets Adopt Pets before adopting. We can not accept receipts for reimbursement or make payment to shelters unless you previously signed up with Vets Adopt Pets.
- ★ Please allow up to 1 week for us to respond back to you.

Signing up with Vets Adopt Pets. All you need to do is send in:

- ★ A copy of your most recent DD214.
- ★ A copy of your drivers license.
- ★ The signed signature page below.
- ★ The name/contact info of your local county shelter. Please include name, website, email & phone.
- ★ If you are Active Duty, please indicate your pet-plan if you are deployed or move. We have foster referrals if you need them.
